

## TREE LEVELING PASSES GROWTH

Survey Made Public at  
Science Meeting

Change in Method of Taxes  
Held Beneficial

Privately Owned Woods Still  
in Majority

(BY A. P. NIGHT WIRE)  
KANSAS CITY, Dec. 27.—Three-fifths of the estimated 800,000 acres of forests of the United States are leveled and consumption is surpassing growth of the remaining trees four times, says Prof. Fred R. Fairchild of Yale University.

In a paper prepared for the convention of the American Association for Advancement of Science, opening here today, the professor will head the investigation provided by the Clarke-McNary Forestry Act. It deals upon taxation as particularly pertinent.

In this regard he advocates the substitution of the principle of "income or yield for capital value as the basis of taxation."

"Any enterprise may be handicapped or destroyed by excessive or discriminatory taxation," he declares. "Forestry is peculiarly sensitive to taxation, and finds the general property tax most burdensome."

"In forestry, the major income may appear only once in every fifty or sixty years. The annual property tax, even when perfectly administered, is certain to impose an excessive burden."

Privately owned forests still embrace about four-fifths of all the forest land in the country, he states, adding that private owners cannot be expected to handle their properties to meet the public interest unless the business is profitable.

"The following conclusions," Prof. Fairchild says, "are now generally accepted:

"Special favors to forest owners are not the solution.

"The revenues of the States, counties, towns, etc., must not be impaired.

"Taxation must not be an obstacle in the way of far-sighted investment in forestry."

He concludes by advocating taxation based on income or yield.

## WHOLE VILLAGES TO BE SOLD AT AUCTION

(BY CAMEL-EXCLUSIVE DISPATCH)  
LONDON, Dec. 27.—The villages of Ewerby and Epton and practically all of the Haverholme Priory in Lincolnshire will be sold by the auctioneers to the highest bidder early in the new year.

The villages are a part of the estate of the Earl of Northampton and Winchelsea. In 1129 the site of the Haverholme Priory was an island. It was surrounded by the monks of Sempringham, who founded a religious house there.

## CHRISTMAS PARTY FOR HORSES

(BY A. P. NIGHT WIRE)  
TOLEDO (O.) Dec. 27.—F. B. Caswell, manufacturer, gave a Christmas party for his horses today. He has fifteen of them, all show ring prize winners. He mounted a Christmas tree in his stables, engaged professional entertainers and invited a group of Toledo horse lovers to be guests. When Caswell called the name of each horse, it came to the Christmas tree, bowed and received its present, stockings filled with carrots and other horse delicacies. Each horse had been trained to bow as he left carrying his present.

## NEW SEARCH MAN SEEKS FOR SUNKEN BURIED CITY SHIP BEGUN IN MISSOURI

British Craft Foundered  
in Balaklava Bay Carrying  
Millions in Gold

(BY CAMEL AND ASSOCIATED PRESS)  
SEBASTOPOL, Dec. 27.—Stories of the Crimean War and sunken treasure have been revived by the reported location of "Black Prince," a British ship, which foundered in Balaklava Bay.

For seventy years the British and Russian governments at intervals have been searching for the ship, for when it went down it had aboard \$3,000,000 in gold. Recently Russian divers brought to the surface a mass made of lead which is believed to have belonged to the "Black Prince."

During the height of the Crimean War the ship entered Balaklava Bay with its cargo of gold, foodstuffs, medical supplies and ammunition for the attacking army. A storm arose and the "Black Prince" foundered, the entire crew perishing.

The great depth of the bay, which is 700 feet, makes the work of divers difficult, but the Russian government is hopeful the treasure of gold eventually will be retrieved.

## WOMEN BLAMED FOR DECLINE OF DIALECT

PROFESSOR ASSERTS GIRLS IN  
BRITAIN TRYING TO  
"TALK FINE"

(EXCLUSIVE DISPATCH)  
SHEFFIELD (Eng.) Dec. 27.—Decline of dialect speech has been brought about chiefly by women, said Prof. W. E. Hall, formerly master of English at Huddersfield Technical School, in addressing the Society.

"Adults of all classes and ages, especially girls and women, are more and more dropping dialect in which they were reared," he said. "Boys and girls, instead of being ashamed of dialect, using the standard English and expressive of what rugged, speeches of their fathers, should be proud to present it as a dialect tongue with the standard of English."

## MAP PLANNED TO SHOW COMMERCE CHAMBERS

(EXCLUSIVE DISPATCH)  
BALTIMORE (Cal.) Dec. 27.—"In your town on the map?" is the slogan that is being set out by Fred McCargar, chairman of the Membership Committee of the State Convention of the Commerce Secretaries to take place at San Diego, January 14, 15 and 16, 1926. After the convention, a large map of California is to be made and distributed all over the State, showing the towns that have been represented at the State convention. More than 100 per cent of the towns in California have been represented, and a good many towns registered, and a good many towns represented by both the secretary and president of the Chamber of Commerce.

## SANTA BARBARA HOME CROWNED

City Splits Better House  
Honor With Atlanta

Residence of Six Rooms Cost  
But \$6109

Program Aided by Many  
Experienced Builders

(EXCLUSIVE DISPATCH)  
WASHINGTON, Dec. 27.—Santa Barbara, a city with a population of 10,000, the highest award among the 2000 competitors in the demonstration of better homes throughout the United States during Better Homes Week last May.

In both cities not one, but five homes were demonstrated, were demonstrated to meet needs of different income groups. In both cities the demonstration was a success. The Santa Barbara demonstration was headed by Miss Pearl Chase, secretary of the Community Arts Association.

The principal purpose of better homes in America is to illustrate the possibilities of the family of moderate incomes how they can make the most of their homes. It is the standard of beauty, comfort and utility.

## Football Boys Have Bachelor Club in School

(EXCLUSIVE DISPATCH)  
QUINCY (Mass.) Dec. 27.—The football boys of the Quincy High School have started an "antigirl" strike by forming a "Bachelor's Club."

Their wrath against the girls had its origin at a recent football reception. They charge that the girls attempted to induce them to surrender their "letters" to them by offering kisses in return for the "Q's." When the "show-down" came, however, the girls went back on their promises, they assert.

"The girls," asserts Monroe MacLean, one of the prime organizers of the "Bachelor's Club," "are poor sports and gold diggers."

Any member of the Bachelor's Club who speaks to a Quincy High school girl while in the building will be fined \$1.00. The girls, he says, are "antigirls" and he who invites one of these girls out will be fined \$1.00.

The Quincy High School, states that he hopes the Bachelor's Club will raise the standard of marks among the football players. Thousands of visitors took advantage of the Santa Barbara program during the demonstration.

Dr. John M. Gries, head of the Division of Building and Housing of the United States Department of Commerce, is a member of the board of directors of Better Homes Week. He is also a member of the advisory council.

## NEGRO FRATERNITIES WILL BE IN SESSION

FOUR ORGANIZATIONS OF COL-  
LEGE MEN AND TWO FOR  
WOMEN ACTIVE

(EXCLUSIVE DISPATCH)  
CHICAGO, Dec. 27.—The last days of this month and several hundred negro college men and women in session in various parts of the United States, representing four negro Greek letter college fraternities and two sororities.

Alpha Phi Alpha, the largest and oldest of the group, comprising more than fifty chapters, will assemble in Detroit. Kappa Alpha Psi, next in age and size, with forty-two chapters, will assemble in New York. Omega Psi Phi, the first Greek letter fraternity to have its genesis in negro colleges, will convene at Tuskegee Institute, and Phi Beta Sigma, the youngest of the group, will convene at Washington.

Each of these organizations is working to promote scholarship and character building among students.

## SENTENCED TO PRISON

PHOENIX, Dec. 27.—In the Federal Court, R. A. Proctor has been sentenced to two years in Leavenworth penitentiary, after plea of guilty to a charge of bringing an automobile into Arizona from Stockton, Cal.

## MOCKING BIRD IN MAINE

(EXCLUSIVE DISPATCH)  
WATERVILLE (Me.) Dec. 27.—A mocking bird in the mid country is a rare sight if not quite unheard of, even in the summer.

One of these birds appeared on the premises of E. C. Blair in this town, and was seen there daily since that time.

## FLAG RITES IN ALASKA RECALLED

Oakland Man as Soldier  
Saw Old Glory Hoisted at  
Sitka

(BY A. P. NIGHT WIRE)  
OAKLAND, Dec. 27.—Bruce W. Stone, who soldiered for Uncle Sam sixty years ago, is one of the few if not the only American still living who witnessed the flag ceremony inaugurating American dominion over Alaska.

The military rifle took place on the Sitka parade ground on a plateau reached by a flight of 300 steps cut into a rough cliff overlooking the Pacific Ocean.

"I remember the occasion clearly," said the veteran, now 84 years of age. "I was a member of the Army Quartermaster's Department and was with the troops when the flag was hoisted at Sitka."

"In silence the color guard lowered and ours quickly ran up the flag pole atop of which the Stars and Stripes took the breeze the gunboats in the harbor began to boom the salute to the northern empire's political allegiance from Sitka. Following to Washington was accomplished."

## WOMEN'S CLUB PLANS COMMUNITY CENTER

(EXCLUSIVE DISPATCH)  
PHOENIX, Dec. 27.—A community center is to be established by the Phoenix Catholic Women's Club, which has obtained a large lot at North Fifth street and McDowell Road, on which will be erected a \$20,000 building.

The main auditorium will have seating capacity for 700 and will be equipped with a large stage and with dressing rooms. The location is in the center of a high-class residential district, a mile north of St. Mary's Church. Mrs. Rupert E. Moore is president of the club and Mrs. George W. Long chairman of the building committee.

## NATIONAL DEATH RATE DECLINES

Ratio for 1924 Set at 11.9 Per  
100,000 Population

Auto Fatalities in Principal  
Cities Increase

Heaviest Toll is Taken by  
Heart Disease

WASHINGTON, Dec. 27.—The  
national death rate was placed by  
the Commerce Department today  
11.9 per cent per 1000 of popu-  
lation, on the basis of figures for  
1924, as compared with 12.3 in  
1923; 11.8 in 1922 and 11.6 in 1921.

The figures covered the entire  
country, which accounts for about  
88 per cent of the population. The  
number of deaths registered in this  
territory during 1924, was 1,173,-  
990 out of 99,330,434 population.  
In another statistical study made  
public today the department re-  
ported a further increase in the  
number of deaths due to automo-  
bile accidents in the principal cities.  
The total for the four weeks ending  
the 8th inst., was 524, compared  
with 412 in the preceding four  
weeks, 524 in the period ending  
October 19, and 521 in the one end-  
ing September 12, while in the pe-  
riod ending May 23, the total was  
only 421.

Automobile accident returns are  
now being received from seventy-  
eight cities of more than 100,000  
population each, for fifty-nine of  
which a complete record of 1924  
automobile fatalities is available.  
So far this year the daily average  
of automobile fatalities has been  
14.7, while last year for the same  
period it was 14.5, but for the four  
weeks ending the 8th inst., it  
jumped to 15.1.

Heart disease was found to have  
been the chief cause of death in  
the general registration area in  
1924, accounting for 176,671 fa-  
talities, a slight increase over the  
comparative figure for the pre-  
ceding year. Cancer, likewise, took a  
heavier toll in 1924 than in 1923;  
21,941 deaths being attributed to  
this cause. Tuberculosis deaths,  
on the other hand, showed a de-  
cline, numbering 89,734 in 1924 as  
compared with 90,732 in 1923.  
Cerebral hemorrhage, pneumonia  
and nephritis were other large fac-  
tors in the fatality figures while  
of the 70,745 accidental deaths, au-  
tomobiles alone caused 15,525, as  
compared with 14,411 in 1923.

Both suicides and murders in-  
creased, suicides totaling 12,041 in  
1924, against 11,257 in 1923, and  
murders, 5420 against 4878.

## LOS ANGELES FIFTH IN MOTOR DEATHS

WASHINGTON, Dec. 27.—New  
York with eighty-eight automobile  
fatalities in the four weeks prior  
to the 8th inst., and 918 for the  
year ending on that day, leads a  
list of seventy-eight cities with  
populations of 100,000 or more,  
tabulated by the Department of  
Commerce, Chicago, reporting 587  
deaths in automobile accidents  
during the year to the 8th inst.,  
had fifty-eight fatalities in the four  
weeks from November.

After Chicago in the list comes  
Philadelphia with 288 automobile  
fatalities for the year and twenty-  
seven of them during the four  
week period; Detroit with 275  
deaths for the year and forty-six  
during the four weeks ending on  
the 8th inst.

Three cities, Cambridge, Mass.,  
Des Moines, Iowa, and Tacoma,  
Wash., reported no automobile  
fatalities in the four-week period  
although Cambridge and Des  
Moines each had four in the four  
weeks before and Tacoma reports  
one death in the month ending on  
November 7.

In the twenty-eight cities of  
100,000 population or over, the  
total number of automobile deaths  
from December 25, 1924, to the  
8th inst., was 5768, a daily aver-  
age of 16.8, according to the de-  
partment's report.

## NEW YORK LEADS IN AUTO DEATHS

the 8th inst.  
LOS ANGELES TRAFFIC  
DEATH TOLL 238  
Deaths caused by automobile ac-  
cidents totaled 232 in Los An-  
geles during the first eleven months  
of 1925, and 180 in the county, ac-  
cording to data given out by the  
Coroner's office yesterday.

Street railway accidents caused  
twenty-four deaths in the city and  
nine in the county.  
Police officials declare that the  
traffic accident situation shows  
considerable improvement, as com-  
pared with last year, attributing  
it to the new traffic system, with  
pedestrian crosswalks and school  
crossing stops.

## Pacific Southwest REVIEW

MANY people think a banker unnecessarily cautious in considering loans.

Climb into his shoes for a moment.

A banker's first obligation is to his depositors. Before an officer of the First National Pacific-Southwest Banking Group makes a loan he must consider his obligation to protect the funds of more than 300,000 depositors, from which the loan will be made.

His second duty is to make loans to customers who are in worthy productive enterprises, of benefit to the community. It is obvious why the banker's customer is entitled to first consideration over strangers, however good their security. Business is built on reciprocity.

BEFORE loaning the banker must satisfy himself that the loan is sound by discovering the answers to certain questions. The next time you seek money from a bank ask yourself these:

1. Is the borrower's character and history indicative of a good moral risk?

2. Is it his practice to pay when due?

3. Is the purpose for which the money is to be used a worthy one?

4. Are his plans for meeting the obligation at maturity sound and is the prospect good?

5. Has he other means of payment if his plans are unsuccessful?

A good banker follows this formula to protect his depositors and stockholders and render constructive service to his community.

An Insurance Clause  
DID you know that insurance policies carry a clause like this:

"This company shall not be liable for loss of accounts, bills, currency, deeds, evidences of debt, notes or securities."

In other words valuable papers are not insured. Think now. Are there papers about your home or office that should be given the immediate protection of a safe deposit box?

The yearly cost of a box is so little that no one need do without its protection. They may be had in sizes to suit the convenience of the renter and range in price from a little more than one cent a day. A safe deposit box is the one place that fire, thieves or carelessness can't get to.

Boxes are available at the Central Office of the Pacific-Southwest Bank, Sixth and Spring Streets, or, if more convenient, at many of the neighborhood branches throughout the city.

CALIFORNIA has more automobiles than any other single State in the Union. Up until November 16, 1,399,728 motor vehicles had been registered in this State.

There is perhaps no better indication of the purchasing power of a community than its automobiles. Incidentally, they are a pretty good index of its wealth.

Automobiles are not generally bought until the necessities of life are provided for. Consequently they represent a surplus above the amount required for the average standard of living.

Many use systematic saving as a means of getting an automobile. A few dollars laid away every month will soon build up a surplus large enough to buy a good car. That, or whatever else you want that money can buy, may be bought easily through systematic saving.

The Pacific-Southwest Bank will be glad to help you.

# Where Do You Live?

There is such a thing as being so close to a picture that we cannot see it; there is such a thing as being so close to the community in which we live that we cannot see it. If you could see in true perspective the great empire community between the mountains and the sea in which you live, you would be the proudest man or woman alive.

## Do You Know:-

That nowhere in the world's history—Egypt, Babylon, Athens, Rome, Paris, London, New York—has a community accomplished so much material development during a human life-time as has been accomplished in Southern California?

That in the last forty years Los Angeles has gained more population than has accumulated in Constantinople, Hamburg, Moscow, Naples or Shanghai during as many centuries?

That Southern California has brought in that period the finest trees, plants and flowers from every country in the world, perfected them for our use and planted them out by the thousands of acres in this community of ours?

That Los Angeles is the richest agricultural county in the world with an assessed valuation one forty-eighth that of the nation and with mineral riches that were worth two and a half times its soil products during 1925?

That out of a mud-hole the Southwest has built a harbor that is bigger than the harbor of London as six square miles are bigger than 650 acres; and that at this harbor are received each year the largest lumber imports in the world and shipped out the largest oil exports—nearly a quarter of the whole world's oil production?

That Hollywood, exporting ten million dollars' worth of films annually, caused a hundred million dollars' worth of theaters to be built all over the United States during the past year?

That during the past year Southern California spent \$598.00 per minute on new buildings and Los Angeles issued \$91 per capita in building permits or 47% more than the average of the leading American cities?

That these facts and hundreds of others like them have a direct bearing upon your personal happiness?

This is the sort of place in which you live, a place with a forty-year record that is not equaled anywhere on the face of the globe and never has been—a place to be proud of ~ ~ Why?

## ~ Civic Pride ~

Civic Pride is what has made Southern California what it is today—a focus of prosperity and happiness; Civic Pride that has caused Southern Californians to believe in their community and mail 3,000,000 copies of the Times Midwinter Number over the face of the globe during the last forty years, to tell the world about the place in which they live. During that forty years the Midwinter Number has never made a statement that it could not back up, never indulged in a prophecy that Southern California has not lived up to and exceeded beyond the fondest expectations. It is a glorious record that is worthy of a fitting celebration in—

THE FORTIETH ANNIVERSARY EDITION OF THE

## Times Midwinter Number

Out January 1st, 1926—430 selected new photographs—288 specially written articles—22 maps—32 tables—15 beautiful drawings by Charles H. Owens, including 3 double page pictorial maps

The same civic pride that has builded Southern California to what it is today will continue to build, weaving into material development the spiritual growth and mental advancement that are the fruits of those far-seeing pioneers of 1886.

This spirit of civic pride has been reflected during the last month in the office of The Times where thousands of orders have been received to send the Fortieth Anniversary Edition of The Times Midwinter Number to Eastern addresses.

Send Copies This Year to all Your Eastern Friends and Relatives

For your convenience in sending MIDWINTER NUMBERS to Eastern friends, The Times, as heretofore, will mail copies to any point in the United States, Canada or Mexico, POSTAGE PREPAID, at 25c a copy (35c to other countries.) However, to get the benefit of this special offer, names and addresses must be furnished to The Times together with payment so that copies may be actually mailed by The Times. Copies mailed by individuals must be paid for at the new zone postal rates.

# Marine Corps School Graduates Another Class of Officers

Twenty-one Second Lieutenants of the Marine Corps were graduated last week from the Basic School at Philadelphia, and were immediately ordered to duty "on land and sea, at home and abroad." At the Basic School they received practical military training to fit them for duty with troops. The new marine officers are pictured above.

Difficulty in Placing the Exact Boundary in Disputed Territory in Tacna-Arica district, the bone of contention between Chile and Peru, has been experienced by the commission arbitrating the dispute, because the River Sama, one of the boundaries, has dried up and its course for much of the distance is not definitely known. Photo shows River Sama near its source. (P. & A. photo.)

Men Who Voted Him Out of His Job as a page in the House of Representatives made up a purse for Raymond Taylor (above) sufficient to keep him in school until he is old enough to go back to work as a page. Boys under 14 years of age are no longer permitted to act as pages. (P. & A. photo.)

England's "Painter Laureate," Frank O. Salisbury (above) is in the United States commissioned to paint the portrait of Judge Elbert H. Gary, the steel czar. Photo shows English painter at work on the portrait. (P. & A. photo.)

After Thirteen Months on Coal Pile in the Federal prison at Leavenworth, Kan., Jules "Nicky" Arnstein (above) announced upon his release last week that he would devote his life to bettering conditions at the Federal prison. (P. & A. photo.)

Her Beauty Made Her a Popular Favorite in Public. Miss Margaret Shotwell (above) of Omaha, Neb., likes America and Americans better than any other country and people, she announced when she boarded the Leviathan at New York recently. She won many beauty contests during her stay in New York as a musical student. (P. & A. photo.)

Ancient Treasures from Heart of Sahara were brought to this country last week by Count Byron Kuhn de Prorok (left) and Prof. Tyrrell (right) of the Franco-American expedition. The ladies are, left to right, Mary Kenny and her sister, Countess De Prorok, and Marie Kearney. (P. & A. photo.)

The Herculean Strength of Bulgarian Strong Man, Peter Feritchanoff, has caused Paris to gasp. In the above photo he is shown supporting a taxicab containing nine men. This is but one of the many feats of strength that he is performing daily. (P. & A. photo.)

Among the Many Social Notables who returned to the United States to spend the holidays are Mrs. William K. Dick and her son, John Jacob Astor, both shown above as they appeared at the dock. (P. & A. photo.)

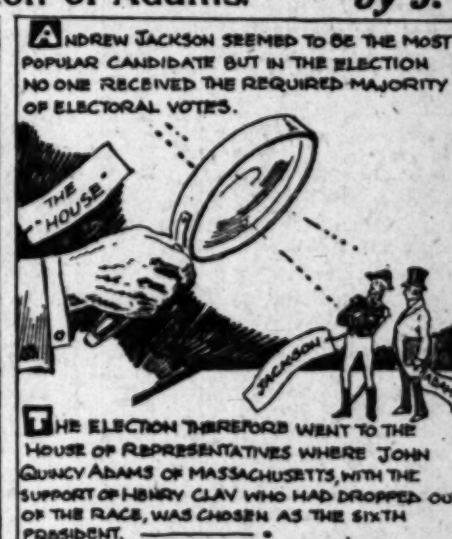

## OUR HISTORY IN PICTURES

WITH THE CLOSE OF JAMES MONROE'S ADMINISTRATION THE "ERA OF GOOD FEELING" CAME TO AN END. — 1823-25

AMONG THE POLITICIANS, THE PRESIDENTIAL CAMPAIGN OF 1824 BEGAN WHAT MIGHT BE CALLED THE "ERA OF HARD FEELING" — 1825-29

ANDREW JACKSON SEEMED TO BE THE MOST POPULAR CANDIDATE BUT IN THE ELECTION NO ONE RECEIVED THE REQUIRED MAJORITY OF ELECTORAL VOTES.

THE ELECTION THEREFORE WENT TO THE HOUSE OF REPRESENTATIVES WHERE JOHN QUINCY ADAMS OF MASSACHUSETTS, WITH THE SUPPORT OF HENRY CLAY WHO HAD DROPPED OUT OF THE RACE, WAS CHOSEN AS THE SIXTH PRESIDENT.

## The Election of Adams.

started off like a nice game of football and in Irish relay, when Gonzaga, trounced the Los Angeles Athletic Club gridiron 29 to 4, before a crowd of 4500 fans at Wrigley Field yesterday afternoon. Led by Capt. Flaherty, whose red locks and fighting disposition featured the game, the Bulldogs piled up 20 points in as many minutes of play with a thirty-yard run to the end zone and Matt Bross completed a perfect game with a five-yard dash to a touchdown from kick-off. As one of the Mercury players remarked, "It was a masterpiece."

Gonzaga played football a long time, for sixty minutes in the Mercury team in the winter all the time. It was said, however, that the club were badly off when Gonzaga was handed its first defeat in the second round, when Williamson found on his own 7-yard line. He recovered for the team. Again in the second round with the ball on the Gonzaga 7-yard mark, Anderson fumbled and again Gonzaga recovered. Menendez, the spinning pitcher on the team, led to score until the third period, when the Mercury club crumbled offensively and lost the game.

### 'T WAS A GRAND DAY FOR THE IRISH

Six excellent reasons why Hobo Kincaid, Mercury fullback, stopped in his tracks can be noted in the immediate foreground in the form of Gonzaga players. A second after the picture was snapped, "Hobo" powdered his nose in the dust. Capt. Ray Flaherty, the red-headed Mick, has "Hobo" around the knees. Luce, Bulldog fullback, is giving "Hobo" a brotherly hug around the neck, while Fraser, number 15 who played a while of a game at right end, is coming in to pile on top. Sid Nichols, who coaches at Occidental, is running interference for Kincaid, but somehow seems to be way ahead of the play. The Oxy Tiger gave the Bulldogs plenty of trouble whenever he was called on to pack the plunk.

### RACHAEL POTTER WINNER

Baroni's Filly Shows Terrific Burst of Speed to Cop Feature Race of Tia Juana Program

(EXCLUSIVE DISPATCH)

TIA JUANA RACE TRACK, Dec. 27.—Following Deep Thought closely until straightened out in the stretch and then taking command with a terrific burst of speed, Rachael Potter, four-year-old filly owned by A. A. Baroni, came through in great style to take the El Rio claiming handicap, the feature race of the Sunday card, in easy fashion. The mile and seventy yards event was just right and she stopped the distance in 1:43.3-5, just three-fifths of a second over the track record.

Rachael Potter broke fast at the barrier and stayed on the heels of Deep Thought, the pacemaker, until the first few strides of the stretch, where she closed fast to take first money handily. Deep Thought lacked the stamina to hold the lead and was forced to be content with the place. The World was a forward contender all the way, but was unable to get entirely up, but took the show easily enough.

C. B. Irwin, the big Wyoming turfman, made it one-two in the second feature, the Paramount Handicap at six furlongs. Edmon, the speedy colt from his stable, finished with a burst of speed to win over Runolathe, rated as the better of the two Irish horses. The show went to Nose Dive, making his first start here this season. Edmon and Runolathe raced on even terms last spring but this fall Runolathe has been showing the greater speed and the victory of the former was hailed as somewhat of an upset. Nose Dive, recently brought from the game race and finished well.

Wood Lady proved an easy winner in the third race at a mile and a quarter, the first of a series of long-distance races which will be held here weekly. The distance being gradually increased. Wood Lady led the race and won easily. Iraska led the race and won easily.

Wonderlight the show. Results: First race, six furlongs—Wells Cry (Sharon) won, 1:14. Second race, six furlongs—Wells Cry (Sharon) won, 1:14. Third race, one mile and seventy yards—Wood Lady (Menden) won, 1:43.3-5. Fourth race, one mile and seventy yards—Wood Lady (Menden) won, 1:43.3-5. Fifth race, one mile and seventy yards—Wood Lady (Menden) won, 1:43.3-5. Sixth race, one mile and seventy yards—Wood Lady (Menden) won, 1:43.3-5. Seventh race, one mile and seventy yards—Wood Lady (Menden) won, 1:43.3-5. Eighth race, one mile and seventy yards—Wood Lady (Menden) won, 1:43.3-5. Ninth race, one mile and seventy yards—Wood Lady (Menden) won, 1:43.3-5. Tenth race, one mile and seventy yards—Wood Lady (Menden) won, 1:43.3-5.

After two weeks of stern scrimmaging, the Coast Conference champions rested today, but will have one final hammer-and-tongs practice tomorrow before taking the train for the South. En route they will indulge in a workout at Ewing Field, San Francisco. A San Francisco Bowl the day before the game will be their final preparation for the big game.

The players who will make the trip are: Capt. Elmer Tetreau and Charles May of the faculty athletic committee.

### HUSKIES LEAVE TONIGHT

(EXCLUSIVE DISPATCH)

SEATTLE (Wash.) Dec. 27.—Coach Enoch Bagshaw and twenty-nine University of Washington gridiron warriors will pull out of Seattle tomorrow night for Los Angeles, ready, physically and mentally, to give their best in the New Year's Day Intercollegiate classic against Alabama in the Pasadena Rose Bowl.

After two weeks of stern scrimmaging, the Coast Conference champions rested today, but will have one final hammer-and-tongs practice tomorrow before taking the train for the South. En route they will indulge in a workout at Ewing Field, San Francisco. A San Francisco Bowl the day before the game will be their final preparation for the big game.

### BUCK BAILEY TO ORGANIZE TEAM TO MEET 'RED' GRANGE

(BY A. P. NIGHT WRITER)

SAN FRANCISCO, Dec. 27.—"Buck" Bailey, guard on the 1925 Olympic Club football team, has agreed to organize and coach an all-star team which is scheduled to meet an aggregation headed by Harold (Red) Grange here January 24.

Coach O. E. Hallingberry of the Olympic Club was originally slated to organize the team to oppose Grange's squad, but announced last night that he had decided to withdraw after the club directors had opposed his plan.

Resides organizing and coaching the team here, Bailey will be captain and play.

By entering the ranks of professionalism, Bailey will automatically lose his athletic membership in the Olympic Club.

Deleot Cops Second Gross and Class Net

Pro Sweepstakes at Virginia Club This Afternoon

Mrs. Richter and J. J. Quinn Win Beverly Play

BY BILL WISE

Arnold Statz of the San Gabriel club toured Flintridge in 73 yesterday to win medal honors in the gold ball invitational tourney.

Frank Deleot, Wilshire's ace, led the first round yesterday qualifying field numbering 254 golfers with a 74 Saturday and before coming low gross.

Statz was forced to finish under more than 150 additional local golfers playing in the midwinter classic.

Deleot's 75-5-45 won the gold ball low net, while T. A. Stephens of the Virginia club, shot a 73 to lead the silver ball field.

Statz was forced to finish under more than 150 additional local golfers playing in the midwinter classic.

Deleot's 75-5-45 won the gold ball low net, while T. A. Stephens of the Virginia club, shot a 73 to lead the silver ball field.

## MISS GLADMAN TAKES TENNIS VICTORY

Santa Monica Girl Defeats Louise McFarland in Beach Star Wins After Match, 4-6, 6-4, 7-5

Beasley Announces Personal of Midweek Team

Midweek Country Club's tennis tournament, which has been a great success this season, will have its final round today. The tournament, which was started by the club in 1924, has been a great success this season, with many of the best players in the area taking part. The final round will be played between Miss Gladman and Louise McFarland. Miss Gladman is the favorite to win, but McFarland is a strong contender. The match is expected to be a close one.

Beasley, who has been in charge of the tournament, announced that the club will have a special party for the winners. The party will be held at the club house and will include a dinner and dancing. The winners will also receive a trophy and a certificate. The tournament is a great success and has brought many new members to the club.

The following table shows the results of the tournament so far:

Round	Winner	Score
First Round	Miss Gladman	6-4, 6-3
Second Round	Miss Gladman	6-4, 6-3
Third Round	Miss Gladman	6-4, 6-3

# A CHUCKLE FOR EVERYBODY

## LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the funniest local jokes submitted by local people. Weekly prizes are paid of \$25 to the author of the best joke. A list of winners is given daily in a column in the Times. Prizes are given for jokes in all departments of life, and are given only on the basis of the jokes appearing in the Times. Jokes appearing in the Times will be given a place of honor on the Times comic page each week-day, and each of these contributors will receive a certificate of appreciation.

"Why are you mailing all those empty envelopes?"  
"I'm cutting classes in a correspondence school."  
M. Conrad, 1188 Brent avenue, South Pasadena.

Instructor to girls' gym club: Girls, that was poor singing. I was doing most of it myself.  
E. Scott, 723 High avenue, Redlands.

Stage director: Inject more contempt, spite and venom into that work.  
Audience: I can't.  
Director: Nonsense, speak just

as you say "plush" when you meet a rival in an imitation necktie.  
M. Grant, P.F.D., No. 1, Anaheim.

"No. 13 is a good football player, but he has one fault—he takes him the first half to get warmed up and after that he's all in."  
W. E. Shelton, 221 South Highland, city.

"Which would be more contented, a millionaire or a man with six children?"  
"A millionaire is striving for more and a man with six children is satisfied."  
C. W. M., 876 West Vernon, city.

Two small boys trying to invent a new game.  
"I know, let's see who can make the ugliest face."  
"Aw, go on, look what a start you've got."  
V. Cronch, R. 1, Box 295, Tugunga, Cal.

Mother: Dear, don't ask me any more questions.  
Daughter: Mother, just one more—what was Adam and Eve's last name?  
E. Walding, 850 S. 4 North Serrano, City.

### Snapshots of a Girl Playing With a New Doll

GETS NEW DOLL OUT, UNDRESSES HER AND DRESSES HER AGAIN

CUDDELS HER. REFLECTS SHE'S MUCH MORE OF AN ARMFUL THAN LIZZIE JANE WAS

TRIES MAKING HER STAND UP

SPENDS A LITTLE TIME WATCHING HER OPEN AND SHUT HER EYES

REALIZES SHE'S GOT TO THINK OF A NAME. IT OUGHT TO BE A VERY GRAND NAME FOR SUCH A GRAND DOLL

BOILS IT DOWN TO ROSALIE MARIE, OR ARLETTA ARLINE, BUT CAN'T DECIDE WHICH

SAYS SHE'LL HAVE TO ASK LIZZIE JANE, WHO PROVES TO HAVE BEEN UNDER COUGH SINCE CHRISTMAS

DOESN'T SEE HOW SHE EVER LEFT HER THERE ALL THAT TIME AND HOPES HER FEELINGS AREN'T HURT

SPENDS REST OF AFTERNOON PLAYING WITH LIZZIE JANE AND ASSURING HER SHE LOVES HER BEST

### SHELL QUITTING WILDCAT AREA

Quitclaiming All Lease La Mirada District

Much Promise, But No in Territory

Ten Test Wells Have to Show Results

The La Mirada-McNally oil field, southeast of San Diego, has probably had its last oil well test for several years. The last prospect to come in was the Shell company No. 1, which was tested to field conditions in 1934. The test well reported a flow of 100 barrels per day, but it was not producing at that time. The area north of La Mirada has been the scene of at least one oil project for more than 10 years. Holes have been spotted over the district to depths of between 4500 feet and 4800 feet, but no encouraging results have been reported. As one oil operator expressed it, the La Mirada district is "one of the sausage chain without meat." In other words, while there are apparently established evidence of a structure, it is not all as far as the operations of different companies have been able to determine. The Shell's Shell lease and a building in that district has been 100 acres, and it is understood that all these are being sold. The area has been owned by a man who had about 500 acres, but he died and his estate is now being liquidated. The area is now being sold in small lots. The Shell's Shell lease and a building in that district has been 100 acres, and it is understood that all these are being sold. The area has been owned by a man who had about 500 acres, but he died and his estate is now being liquidated. The area is now being sold in small lots.

### BULLION OF YUMA MINING EXHIBIT

Two Bars of Silver Gold Brought by Man of Blaine Company

Bringing with him two bars of gold and silver bullion, J. S. Blaine, manager of the Blaine mine, returned to Los Angeles from his trip to the Colorado River, where he had been prospecting for gold. The mine is located in the Blaine section, while the bullion was recovered from the mine. The gold was recovered from the mine in a preliminary and experimental way. The company's record of the mine is a record of 2.60 ounces of silver, \$1.50 in gold and carrying two pounds of silver to the ton. This plan is in commission within a few days. The Blaine company, with a record of 2.60 ounces of silver and with an economical operation, makes a noteworthy bullion prospect in 1935. According to all records, the Blaine mine has a production record of 2.60 ounces of silver. In its early days it was known as the Blaine mine.

### Mexico Tax on Oil Production on Sliding Scale

(REUTERS DISPATCH) BROWNSVILLE (Tex.) Dec. 27.—On oil produced in Mexico from 1936 to 1938, the output, a communication to the Federal government of Mexico, according to a dispatch from Brownsville, shows that the rate of 1937, the date the production of Mexico became a part of the Mexican currency, is 2.47 percent. The rate of 1938, the date the production of Mexico became a part of the Mexican currency, is 2.47 percent. The rate of 1939, the date the production of Mexico became a part of the Mexican currency, is 2.47 percent. SHALL QUITTING WILDCAT AREA

Abandoning All Leases in La Mirada-District

Final Promise, But No Meat in Territory

**By K. L. Smith**

**Test Wells Have Failed to Show Results**

The La Mirada-McNally district, which has been the scene of so much drilling for several years, has probably had its last prospect in this area. The last prospect in this area was abandoned about a year ago. Now, according to the latest reports, the district is being abandoned. The area north of La Mirada has been the scene of at least one wildcat prospect for more than three years. It has been spotted all over the district to depths ranging from 400 to 600 feet. Several encouraging indications have been reported. The district is being abandoned. The area north of La Mirada has been the scene of at least one wildcat prospect for more than three years. It has been spotted all over the district to depths ranging from 400 to 600 feet. Several encouraging indications have been reported. The district is being abandoned.

**His friends marvel at his skill**

Dr. C was always busy, but at the end of each year, his hopes for a prolonged vacation seemed no nearer realization. His investments just didn't turn out as expected.

Then it dawned on him—he should consult an investment specialist for the same reason people came to him for medical services.

We re-arranged his holdings to meet his requirements and now the Doctor is well on the way to comfortable retirement.

It is a pleasure to place our experienced judgment at the service of professional men.

## NEW INTEREST IN STATE SEEN

Benefits from  
Fishing Advertising  
for Fall 25 Per Cent  
More Than Year Ago

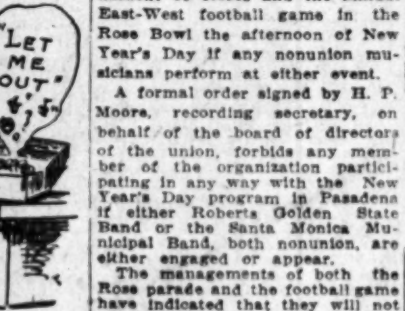

Summary of the current season's fishing advertising in California, as shown by the figures of the California Game and Fish Commission, shows a marked increase in interest in the state's fishing resources. The commission reports that the total amount of advertising for fishing in California for the fall season was \$25,000, or 25 per cent more than for the same season last year.

The commission also reports that the total number of fishing licenses sold for the fall season was 1,200,000, or 10 per cent more than for the same season last year. The commission also reports that the total number of fishing boats registered for the fall season was 1,000, or 5 per cent more than for the same season last year.

## CHEE-CHILD IS SAVED!

Twins Christmas Night and  
the Policeman's Vigilant

It was the night after Christmas in Huntington Park and, with the exception of Police Officer Thomas Warrell, not a creature was stirring. It was the night after Christmas, and a faint cry came from the room of a child who had been left alone.

Even as he spoke a clock struck midnight, and Officer Warrell fell over something. It was a suitcase, and there was neither human being nor conclusion it had been stolen.

## UNION HITS AT ROSE TOURNAMENT

Orders Boycott If Nonunion Bands Appear

Open-Shop Musicians to Take Part Despite It

Football Management Also Defies Dictation

The local musicians' union has declared a boycott upon the Tournament of Roses and the annual East-West football game in the Rose Bowl the afternoon of New Year's Day if any nonunion musicians perform at either event.

## Band That Will Play Friday Despite This Boycott Order

MUSICIANS' MUTUAL PROTECTIVE ASSOCIATION  
Local No. 47, A. F. of M.  
Attention, All Members Local 47—A. F. of M.  
Dear Sir:  
The Board of Directors of Local 47, A. F. of M., in session December 18th, 1925, made the following ruling:

Members of Local 47 are prohibited from participating or rendering services in any way for the Pasadena Tournament of Roses, Jan. 1st, 1926, if the Roberts Band or the Santa Monica Municipal Band are engaged or appear, both organizations being on the Under List of the A. F. of M.

## LOVE-BABY WILL COME TO COURT

Guardians of Beckwith Estate  
Seek Facts Here

Social Worker Would Adopt  
Heir to \$500,000

Mother's Cousins Accused of  
Trying to Blot Identity

Unusual developments centering in Los Angeles are promised when 10-month-old Laurence Beckwith, a love-baby heir to a \$500,000 estate and over whom litigation has engaged the attention of courts of three States, makes his first personal appearance in the case in a California court.

## The Lancer

Harry Carr

Whether jaibirds should have been allowed to have a Christmas celebration. And in ordinary times, whether they should be allowed to have movies and entertainments. This threatens to become a national topic. Largely owing to the savage criticisms of a New York legislator.

JOYS OF JAIL. In reality, it is not much of a question. Doesn't matter much either way. The important thing is to see that the courts and the police that crooks will be reasonably certain of getting locked up when they break the law.

PARLOR SOCIALISM. This "Big Hatch" case is a symptom more than an outburst. The whole system of indeterminate sentences and parole boards is a relic of the reign of the parlor socialists who held forth in this State a few years ago. It is ridiculous and absurd; it is eating the foundations out from under the courts.

## RECORD IN ALBACORE FISH MADE

Stretcher of Chicago  
Denies Denial of Sea  
Sets New Mark

For many a slip between the cup and the hazy sea, and the record in the capture of the Albacore fish was no exception. The record was made by a fisherman from Chicago, who caught a 100-pound Albacore fish in the Pacific Ocean.

## BOARD OF PARK COMMISSIONERS

Under Way

The Board of Park Commissioners, with the co-operation of the City Council's park and recreation committee and improvement organizations, is continuing its efforts to secure the purchase of land for park purposes.

## STOR FLAYS WET LEAGUE

Association Against Dry Law Scathingly Denounced  
by Dr. Helms in Pulpit Address

Dr. Helms, pastor of the First Methodist Church, addressing an audience of 200 persons who filled his church to standing room only, denounced the Association Against Dry Law as a scoundrel's brood.

## TODAY'S BIBLE TEXT

"Pure religion and undefiled before God and the Father, is this: To visit the fatherless and widows in their affliction, and to keep himself unstained from the world." James 1:27.

KHJ FEATURES  
NEW SCHEDULEVariety of Entertainment at  
Matinee HourTime for Bridge Contest  
Tuesday ChangedPiggly Wiggly Girls Give  
Concert Today

BY RAYL SHEEDY

KHJ this week inaugurates a new schedule of daylight broadcast programs, starting tomorrow afternoon after the usual Monday silence. The matinee hour from 2:30 until 3:30 p.m. will hereafter be devoted to varied ideas instead of the straight musical entertainment that has been the custom for the last year.

This afternoon hour will be used for a wide variety of broadcast features, mostly educational, although musical programs will be included, especially on Saturday afternoons, when the studio favorite will follow the custom of a frolic for RadioLand. To conform with the new schedule, the games in the series of expert auctioneering games by nationally recognized players will be put on the air tomorrow afternoon at 2:30 instead of one hour later, and will follow each Tuesday afternoon at the same time.

Because of the wide interest aroused over the series, the enthusiasts are given here the cards as held by the individual players for tomorrow's game. Wilber C. Whitehead, dealer, in the "south" position holds: Spades, K, J, 7, 4; Hearts, 5; diamonds, K, J, 4; clubs, A, K, 7, 4, 2.

K. J. W. Evans, in the "west" holds: Spades, 10, 8; hearts, K, 5; diamonds, Q, 5, 3; clubs, Q, J, 10, 9, 2.

Milton G. Work in the "north" holds: Spades, A, 9, 5, 3; hearts, K, Q, 10, 9, 4; diamonds, 6, 2; clubs, 8, 5.

James G. Stanley in the "east" holds: Spades, Q, 8, 2; hearts, A, 6, 3; diamonds, A, 10, 9, 8, 7; clubs, 6.

The tower studio yesterday observed Sunday with its usual high class musical programs with the from 4 until 5 p.m. giving another brilliant recital by recognized artists, with the Martin Music Company presiding again before the microphone from 5 until 10 o'clock last night, giving the patrons of the air two hours of excellent instrumental and vocal music featuring John Martin and the Culbrensen registering piano, with Ruth Pitts, coloratura soprano who has won real laurels in her radio appearances, the Optimist Male Quartet, composed of J. Howard Johnson, first tenor, Dan Grisdley, second tenor, Edward Novis, baritone, and Frank Geeser, bass, with Marcella Chaboun as piano soloist and accompanist. The ensemble instrumental portion of the evening was given by the Harmony Trio from the Community Playhouse at Pasadena, composed of Thelma Strange, violinist, Marjory Stoddard, cellist, and Frances Dodge, pianist.

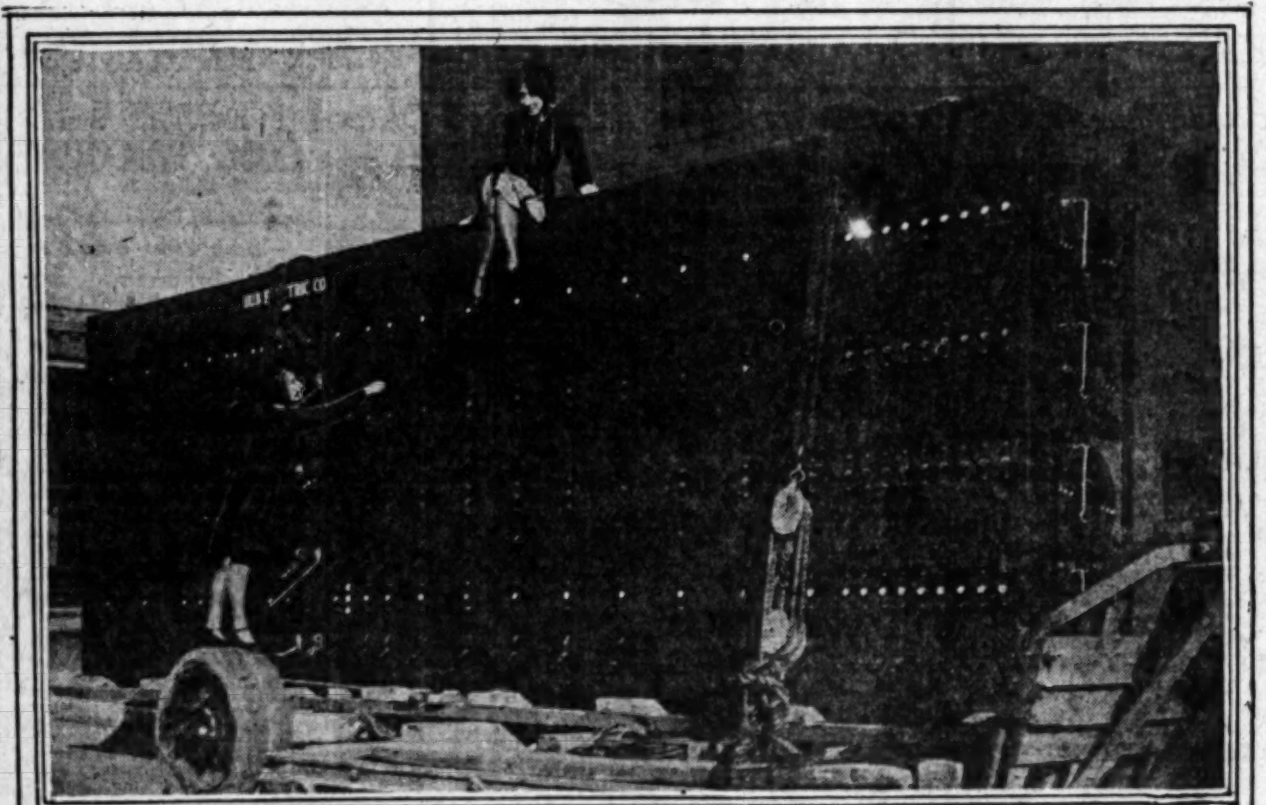

Prof. Barclay L. Severns at 7 o'clock this morning will resume his regular daily setting-up exercises from the studio after a three-day interim due to Christmas. The Piggly Wiggly Girls and other entertainers will give the noon concert through the courtesy of the Piggly Wiggly Stores, where the microphones will be closed for the day.

## TOPICS IN BIBLE COURSE

Care of the poor, protection of the weak, family obligations, social responsibility, relation to the State, the use and abuse of wealth and remedial agencies for social ills are topics to be discussed in an evening course in "Economic and Social Study of the Bible" to be given by the University of Southern California at Metropolitan College opening tomorrow night.

Silent rest of the day.

LOVE OF JOB LEADS  
TO SERIOUS CHARGE

Because he refused to be fired from his job and resisted with a gun the order of his boss to get off the ranch where he had been employed, Pete Bartolomea today will face Judge Hahn on a charge of assault with intent to seriously injure D. Valra, his employer. According to court records, Valra owns a grape ranch in the San Fernando Valley. He had hired several men, among them Bartolomea, for extra work during picking time. After the rush of picking was over he dismissed the extra men. Bartolomea asked to be allowed to remain and even offered to stay without pay. But Valra told him his food bill was too high and ordered him away. Bartolomea resisted and finally pulled a gun. The two men struggled for possession of the weapon and during the struggle the gun went off, wounding Valra slightly.

BUNKO QUIZ  
SCHEDULED  
TOMORROW

Grand Jury Expected to  
Spend Week in Study of  
Richardson Charges

The grand-jury investigation into bunko conditions in Los Angeles, started as a result of the investigation made by Gov. Richardson into the parole of E. A. (Big Hutch) Hutchings from San Quentin, will be pursued diligently this week by investigators representing the jury.

Although no official statements, as usual, were forthcoming yesterday from Clayton R. Taylor, foreman of the grand jury, it was learned from other sources that practically the entire week may be consumed by the jury in investigations that will lay a groundwork for future action. No witness, it is expected, will be called before the jury when it convenes at its next regular session tomorrow.

OLD GRAVE SUBJECT  
OF OFFICIAL INQUIRY

Deputy Sheriff Hanby and Hunter will go to Paines Canyon, Beverly Hills, this morning to investigate what is believed to be an old grave. The mound was discovered by a hiker who notified Beverly Hills police. According to the Beverly Hills authorities, the grave may be that of a Mexican who resided in the canyon many years ago.

FINAL PLEA  
ISSUED IN  
SEAL SALE

Public Urged to Complete  
Quota of \$100,000 Needed  
by January 1

The New Year is but a day or two away, and in a concerted effort to bring the Los Angeles Tuberculosis Association's Christmas Seal sale to a successful close before that date, Mrs. J. J. A. Van Kaathoven, president of the association, is sending out a last appeal asking for contributions to the \$100,000 fund required to finance the work among white plague victims during 1927.

Because of the Christmas holiday, the sale was somewhat checked, but it is hoped that this delay in response to the appeal will be followed during the next few days with generous contributions from the philanthropic men and women of Los Angeles.

In an appeal issued yesterday, Mrs. Van Kaathoven said: "We need \$100,000 with which to carry on our local fight against tuberculosis, and to save the lives of thousands of little children who are subject to this terrible affliction. We are asking only that you send in your contribution in acceptance of the Little Christmas Seal. These attractive 'stickers' are the lifeblood of the New Year's greeting cards and letters, and merchants can use them on the outgoing mail for the first of the year."

"From the \$100,000 budget the association provides a bulwark of protection for each and every citizen. It provides nutrition classes and clinics; it gives little underprivileged children a chance to grow strong and healthy in its San Gabriel Air Health Camp in San Gabriel Canyon; it finances a program of education, one of the important factors in preventing the spread of the disease; and it provides care in sanatoria and preventoria for unfortunate and destitute victims."

"We are entirely dependent upon the sale of the Little Christmas Seal for the raising of our annual budget."

Headquarters of the Los Angeles Tuberculosis Association are at 1005 Transportation Building, Seventh and Los Angeles streets. Telephone Broadway 1010. Miss Sidney M. Maguire is executive secretary.

Five Arrested  
in Campaign on  
Hi-jacker

Five asserted hi-jackers were captured by police Saturday night in what was declared to be the opening rally in a campaign against this type of robbery.

Detective Lieutenants Curtis and Van Aken apprehended Floyd A. Stevens, 31 years of age, of 1029 South Hope street; Albert Swanson, 23, 1537 Cambria street; Jack Gibbons, 29, 1547 Cambria street; Frank H. Kennedy, 28, of 821 South Bixel street, and Orville Hines, 1029 South Hope street, in Kennedy's apartment. The suspects were booked at Central Police Station on suspicion of robbery.

According to the arresting officers the suspects ordered ten cases of Scotch and when it was being delivered they held up the owner, taking the liquor and his car. Two of the men have police records, detectives say, and have been implicated in numerous hi-jacking raids the last few months.

DIVORCE ASKED FOR  
"HALF-WIT" EPITHET

Mrs. Mollie Hubbard, in a divorce suit filed in the office of the County Clerk, puts it up to Superior Court to rule whether or not her husband was justified in calling her a "half-wit." She replied in her complaint that at the demand she would give him money, which he invariably spent on drunken orgies. Nevertheless, she maintained, it was cruelty for him to call her a "half-wit" which she charges he did.

IN THIS stage switchboard now being installed in the new Al Malaikah Shrine Auditorium on West Jefferson street, a Los Angeles building is being equipped with what is said by its manufacturer to be the largest control plant of its kind in the world.

The plant is twenty-six feet long and nine feet high. According to K. G. Rennie, treasurer of the Hub Electric Company, the builders, it is four feet longer than any other stage switchboard ever constructed. It has a capacity of more than 1,000,000 watts.

The instrument was delivered in this city on the 15th last and installation has been going forward since that time. It is estimated that operation can be begun shortly after January 1, 1927.

CHILDREN IN  
MUSIC CLASS  
GIVEN PARTY

Young Students in Settlement  
School Guests of Mr.  
and Mrs. Dean Mason

Mr. and Mrs. Dean Mason entertained nearly 200 children of the Los Angeles Music School Settlement at a Christmas party in the Masonic home at 340 Lafayette Park Place yesterday afternoon.

The children, members of poor families, studying music and the allied arts, presented an interesting program under the direction of Madame Emma Loeffler de Zaruba, president of the settlement. Miss Toska Tulcea, musical director of the organization, and Mrs. Carrie Stone Freeman, who founded the institution eleven years ago.

Aside candy and ice cream, elaborate gifts, many of them musical instruments, were presented to each of the youngsters by Mr. and Mrs. Mason.

The Los Angeles Music School Settlement was founded to provide adequate training in music and other arts for children whose parents are unable to pay private tuition.

Alfred Calhoun and John Sainpolis, screen actors, aided Mr. and Mrs. Mason in entertaining. The school is located at 2677 Mozart street.

SCHEME TO  
GET HOME  
GOES AWRY

Contemplated Junket With  
Stolen Cars Fails After  
First Blowout

How a scheme to get to Chicago in five days without spending a cent failed and Raymond Jones spent Christmas in the County Jail because of it, was learned yesterday after officers had submitted to Justice Scott a copy of an asserted confession obtained from Jones.

Jones, 26 years of age, had been working in California for several years. According to the written confession he had not spent a Christmas at home for five years and had planned to go there this year. His family expected him and had prepared for his coming. But work was scarce and funds were low. It came time to start and he hadn't money enough to buy a ticket.

So Jones went down Spring street with an eye out for a good car. He found one, a 1926 Buick, that would carry him as far as possible. He took one, he said, intending to drive it until the gas-line ran out, desert it and steal another, thus avoiding the incidental expenses of the trip.

But he forgot about the trouble. A short distance from Los Angeles, a puncture put the car out of commission and he started to walk. But officers had located the stolen car and picked him up after a chase of a few miles. He returned to the County Jail, borrowed enough money to send his family a telegram and resigned himself to another Christmas away from home.

He has requested that he be allowed to plead guilty and ask for probation through Attorneys Cullen and Hamilton.

Hoped for the Best  
Judge: I have listened very carefully to you, Mr. Brown, for an hour, but I am none the wiser. Counsel (politely): I hardly expected your honor to be, but I thought you might be better informed.—[Humorist.]

The union officials decreed that charity has no part in their regulations and that if any union musician plays for nothing on such occasions he renders himself liable to fine or suspension.

Woman Explains  
Dealings With  
Missing Banker

Mrs. Marie Lawton, mentioned in dispatches from Modesto as having been deemed considerable property by C. L. Flack, missing chairman of the board of directors of the First National Bank of Riverbank, was located here yesterday at her home at 4509 Fifth avenue.

The property, consisting of some forty lots in Riverbank and holdings in Kern county, was deemed her security for money advanced to aid in financing a creamery in Modesto, Mrs. Lawton said, and was the result of a purely business transaction. Mrs. Lawton said she became interested in the creamery through her son, who is now managing it, but that she had met Flack only two or three times, and has not seen or heard from him since his disappearance from a Los Angeles hotel recently.

Flack with misapplication of the funds of the Riverbank bank has been issued. Letters received from the banker after he disappeared indicated that he might be contemplating suicide.

THREE YOUTHS HELD  
AFTER AUTO PURSUIT

William Ryan, 18 years of age, of 237 1-2 West Fifth street; George Murray, 18, 924 Winfield avenue, and Paul Melvin, 17, of 318 Chubb street, were arrested early yesterday morning by Officers Golding and Walker and booked on suspicion of grand larceny after the three youths were unable to give a satisfactory explanation of the ownership of a car they were in.

The suspects were taken into custody near the intersection of Forty-sixth street and Broadway following a chase of a mile, the officers report. They attracted the attention of the officers on South Hoover street by driving along at an excessive speed. When commanded to stop the youths attempted to get away, according to the police report, and it was necessary to run them into the curb before they would stop.

Annual dinner-dance of the  
Santa Monica Club will be given  
at the Club Building next  
Thursday evening. At the lunch-  
eon and dance, officers of the  
club will discuss plans for the or-  
ganization of the club during 1926.  
The dance will be an Open Forum meet-  
ing.

# Schools (and Colleges)

The Times' School and College Bureau will help you  
secure complete information about any kind of School  
or Education Training. Carefully compiled data are  
on file, from which source suggestions may be made  
which will be helpful to you. THE SERVICE IS  
FREE. Address, write or call the TIMES' Information  
Bureau, First Street and Broadway—Telephone ME-  
ropolitan 0700—or leave your name and address with  
the TIMES' Branch Office Information Bureau, 521  
South Spring Street and the desired school data will  
be mailed to you.

# MacKay Business College

612 South Figueroa  
Small class—small monthly payments. If you plan to begin in  
January NOW. A limited number of places remain for working in  
the field. You can't wait. You LEARN. You UNDERSTAND. You  
GAIN. You gain experience, you are WORTH MORE when you  
graduate. We will show you.

# Military

# Urban Military Academy

# SHE FOUND THAT ADVERTISING PAYS

Mrs. Sallie Blaylock

Faced with the need of a fancy  
dress costume for a masquerade  
ball on the liner City of Los An-  
geles, en route to Hawaii, Mrs.  
Sallie Blaylock, a passenger from  
Los Angeles, used the steamship  
company's varied advertising mat-  
ter to such good effect she won  
the first costume prize.

NINE-POUND DAUGHTER  
Patricia Carolina Cunningham  
Ely is one week old today. She is  
the daughter of Dep. Dist. Atty. and  
Mrs. Frank F. Ely of 417 Mt. Wash-  
ington Drive. She weighed nine  
pounds on the day of her birth at  
St. Vincent's Hospital, where Mrs.  
Ely is reported doing well.

# POLICE HALT ART CAREER OF KODAKER

Salesman With Assorted  
Hobby is Arrested After  
Photographing Girl

Carl G. Nelson's artistic hobby  
ran to photographs of scantily  
clad women, according to Detec-  
tive Lieutenants Hask and Car-  
man of the Hollywood division,  
who arrested him yesterday  
charged with violating a section  
of the Penal Code.

Nelson is said to be 25 years of  
age, an automobile salesman liv-  
ing in San Diego. He came to  
Hollywood and rented a bungalow  
at 2045 A. Hillcrest Drive on  
Christmas Day, police said, and in-  
serted an advertisement in a news-  
paper for artist's models.

Several dozen replies were re-  
ceived, the officers stated, and an  
appointment was made with Marie  
Foster, 17, living at 119 South  
Mott street, who came to the  
bungalow at noon yesterday with  
her mother, Mrs. Edna Foster.

Nelson is said to have taken two  
pictures with a kodak, saying he  
was employed by a fashion mag-  
azine. Mrs. Foster, who is said  
to have been an artist's model, be-  
came suspicious and summoned the  
police.

The officers reported that Nel-  
son confessed he had no connec-  
tion with a fashion magazine, but  
stated he had hoped to submit the  
pictures to an art magazine. They  
also said they found a notebook  
listing appointments with more  
than a score of girls.

# AUTOPSY TO DETERMINE DEATH CASE

Surgeon's Findings Will  
Fix Legal Action Against  
Man Held After Fatal Row

An autopsy over the body of  
Ollie Nelson, a concrete worker,  
probably will be performed by  
County Autopsy Surgeon Wagner at  
the mortuary of Alvarez & Moore,  
and upon his report will depend  
legal action against Jesse R. Ogles-  
by, a plasterer of 220 North Grand  
avenue.

Oglesby is held in the City Jail  
on a charge of suspicion of mur-  
der. According to Capt. Bean of  
the police homicide squad, Dr.  
Wagner's report will have much to  
do with the attitude taken by po-  
lice. Oglesby told Capt. Bean that  
he interfered in an altercation be-  
tween Nelson and Mrs. Oglesby,  
who told him she had been in-  
sulted, and that he struck Nelson  
with his fist. Nelson fell six feet  
and struck his head against a  
concrete driveway and died a few  
minutes later.

# Pair Agree on One Point Only; Desire Divorce

Although Dr. Charles Eaton  
Phillips, physician, and Jennie  
Holland Phillips, his wife, are  
diametrically opposed on the ques-  
tion, "Who deserted whom?" they  
are unanimous on one point. Each  
wants a divorce.

There are on file in the office of  
the County Clerk a divorce com-  
plaint by Mrs. Phillips and a cross-complaint by the doctor,  
each of which charges desertion.  
In her complaint, Mrs. Phillips de-  
clared her husband receives an in-  
come of \$500 a month from his  
practice and that the home, valued  
at \$12,000, is community property.  
She said she had found it neces-  
sary to get a job in a department  
store to support herself.

The couple were married in 1900  
and have a son 21 years of age.  
The separation dates from last  
September.

# THOROUGHFARE TO BE PAVED

As part of the plan of making  
Manchester a wide, through traffic  
artery from the east to the west  
city boundaries, the City Council  
has ordered the permanent paving  
of the street from Western avenue  
to Van Ness avenue.

# WIFE NEED NOT BE SERF, JUDGE RULES

Mrs. Lillian B. Stone

As long as America remains,  
among other things, the "Land of  
the Free," a man's wife does not  
have to be his servant. In effect,  
such is the ruling of local courts  
in granting a decree of divorce to  
Mrs. Lillian B. Stone.

Mrs. Stone sued her husband,  
Leo, charging that he treated her  
as a servant, reminding her in no  
uncertain terms that in Russia,  
where he came from, that's all she  
would be as his wife. Mrs. Stone,  
however, argued that she was not  
in Russia and couldn't see why she  
should be any man's servant. Judge  
Quinn agreed with her. Her de-  
cree was on file yesterday.

# CHRISTMAS PROGRAM IS IMPRESSIVE

Temple Baptist Church's  
Sacred Tableaux Exhibit  
High Dramatic Art

Presentation of a special Christ-  
mas program with elaborate and  
colorful settings and specially ar-  
ranged music was the feature of  
yesterday morning's services of the  
Temple Baptist Church. The pro-  
gram was followed by Dr. J. Whit-  
comb Brougner's sermon, "Giving  
Good Gifts."

The service was arranged by  
George Ellingwood Joy, director of  
religious education, through the co-  
operation of the church, the Bible  
school and the Sunday-school, and  
was one of the most elaborate  
ever attempted by the church in  
celebration of the Christmas sea-  
son.

Visions of the promised Re-  
deemer and His advent were re-  
vealed in impressive tableaux with  
musical settings and specially ar-  
ranged music. The program was  
presented by the church choir, com-  
posed of members of the church  
took part in the program, and  
was followed by the junior choir of six-  
ty-five voices.

The Christmas service program  
committee was headed by George  
Whitcomb. His associates were  
Mrs. Ida Kuhlman, Mrs. L. W.  
Dickeson, Mrs. Roy Perry Clark,  
Mrs. Charles L. Hubbard, Mrs. Lee  
M. Puryear, Mrs. R. S. Jones, W.  
C. Holt, Mrs. W. C. Lea, Miss  
Kathryn Garnett, Mrs. Bertram  
Green, Mrs. Leonard Merrill, Mrs.  
L. U. McClure, Joseph Charville,  
Norman K. Winter, Miss Lida  
Thompson and C. M. Mordock.

At the evening services a Christ-  
mas cantata, "The Manger Throne,"  
by Manney, was presented by the  
Temple church soloists and choir  
under the direction of Z. Carl  
Neeker. Dr. Brougner chose as  
his prelude, "Watching Red  
Fame and Fortune," which was  
followed by his sermon, "New  
Rules for the 1926 Game."

# TO INSTALL PHI KAPPA SIGMA HERE

National Fraternity Third  
to Establish Branch at  
University

Phi Kappa Sigma, a national  
college fraternity, will accept for  
membership in its organization the  
members of Kappa Phi Delta, a  
local fraternity at the University  
of California, Southern Branch. It  
was announced yesterday.

Kappa Phi Delta has been one  
of the leading local fraternities at  
Southern Branch. Phi Kappa Sig-  
ma was founded at the University  
of Pennsylvania more than seventy-  
five years ago, being among the  
oldest of college fraternities. It has  
thirty-two chapters. It is repre-  
sented on the Pacific Coast by  
chapters at the University of Wash-  
ington, Stanford, and the Univer-  
sity of California.

Phi Kappa Sigma is the third  
national fraternity to enter the  
Southern Branch campus. About  
a year ago Zeta Psi and Phi Delta  
Theta, established chapters at the  
Southern Branch. Among the 200  
Phi Kappa Sigma alumni are:  
Capt. John D. Frederick, Harrington  
Brown, former postmaster of  
Los Angeles; Dr. Stanley Black,  
Edward Gray Taylor, Dr. Thomas  
J. Orin, E. O. Slater, J. W. Mc-  
Kinley, Dr. Leon D. Goddard, H. L.  
Masser and William A. Ed-  
wards.

# OIL HEATER CAUSES THREATENING BLAZE

An oil heater left burning over-  
night in the Methodist Church at  
Thirty-eighth street and Norman-  
die avenue, caused a small blaze  
yesterday morning which, for a  
few minutes threatened to spread  
and destroy the building. Rev. D.  
W. Will, pastor of the church, re-  
pressed with scenic effects. More

# Bullock's Closes at One o'Clock Saturdays

**MEMBER OF THE ASSOCIATED PRESS**  
The Associated Press is exclusively entitled to the use for republication of statements and news matter appearing in this paper and also published here within.

The Times aims at all times to be accurate in its published statements of fact. Readers who discover any important inaccuracy of statement will confer a favor by calling attention of the Editorial Department to the error.

**COULDN'T MAKE IT**  
A man and his wife were on the same jury in the trial of a recent case. No wonder the jury disagreed.

**THE KICK OF THE UNION**  
Come to find out, people do not really want a peaceful union. It is the least of the things which they love in their life. Folks like some of their green goods with a kick.

**SCRAPPY GIRLS**  
The granddaughter of Sarah Bernhardt says that women must learn to crook their elbows and fight their way through the mass. If the girls are to start elbowing their way through the world it is going to make it mighty easy for a lot of us. When the dames get the idea that the universe is something to be fought over instead of coaxed in it will lose much of its pleasantness.

**THE WOMAN JUROR**  
According to the Illinois Supreme Court, women in that State would not be permitted to serve as jurors. It is held that the intent of the law dealing with the qualifications of jurors was that only men should serve. At the time the law was passed nothing else was contemplated. It is the intent that counts in the interpretation. If women are to get in the jury box special legislation will probably be necessary and the State Assembly will be expected to provide this.

**THE THOUGHT-PROJECTOR**  
How are the professors coming out in their name of thought-transmission over the waters of the Atlantic? Can the English mind-readers lasso and identify the vagrant mind-readers of the highbrows of Boston? It should be an interesting game and one of high port to the psychologist. If we can shoot our fancies across the ocean why monkey with the wireless? If thoughts can be projected with the direction and impact of a bullet why worry about telephone numbers?

**DROPPING A LINE**  
Postmaster-General Ben Hur has instructed the postoffice of the United States to keep good pens, ink and other facilities for letter writing so that they will be available for public service. It often happens that a man or woman has neither the place nor the convenience for penning a note. The government will try and provide this as a part of the public service and mayhap a business booster. It seems a distinctly sensible thought. In many offices this service was attempted, but it will now become general.

**LOOKING FORWARD**  
One of the big lumber companies in the Oregon district is doing some conserving on its own account. It has adopted a program of tree planting which will cover all its cutting within the next three years. Hereafter there will be a new tree for every one cut down and each generation will be able to take care of itself. Lessons have been learned from the barren lands of Northern Michigan. Time is the only factor in replacement and time goes on forever. There is no reason why the citizen of today should not drop an apple seed for the benefit of his heirs.

**WHAT ARE VOLCANOES?**  
Geologists used to believe that volcanoes are vast blowholes through which the earth erupts portions of its molten interior. Scientists are now coming to believe that the outpourings of volcanoes come from heated pockets in the earth's crust, near the surface, and not from a fiery core. The temperature of lava is greater at the surface than down in the volcano's throat. The deeper you go the cooler it gets. Dr. Arthur L. Day of the Carnegie Institute, has concluded, therefore, that "volcanoes are local and superficial affairs representing belated geological transactions." If his conclusion is correct, the earth's crust is pretty much like a piece of Swiss cheese, filled with holes containing the eruptive gases and materials which make volcanoes so frightful.

**THE SCHOOL BANK**  
The school savings bank has become an important factor in the educational machinery of many states, and the idea will bear much greater extension. The generation is being reared without much thought of the expense column. The little ones talk in big figures when money is concerned. There are departments in which pupils are taught how to earn money, but there has been scant attention to the importance of saving. Thrift is one of the most vital lessons that can be taught and the school savings bank may be used as a concrete example of its purpose and advantage. In these days some of the youngsters have the conception that thrift is getting eighteen miles on a gallon of gasoline. They should be taught closer to the mark. Thrift may really mean sacrifice, but it acquires a form that makes sacrifice not only desirable but enjoyable.

**ABSOLUTE LAW ENFORCEMENT**  
Col. R. E. Frith, Federal prohibition administrator, has promised Los Angeles in emphatic language that it will see absolute enforcement of the prohibition laws on New Year's Eve, or as complete enforcement as a small army of determined officers can make it.

It is a big order. It is violating nobody's confidence to add that this is the first time it has been seriously attempted. Whether it will succeed, or the degree to which it is successful, will depend not upon Col. Frith and his 200 enforcement agents, but upon the co-operation of the officers by the people of Los Angeles. In a sense it has been put up to us to show whether or not this is a law-abiding community.

In one particular Col. Frith's program promises to be especially interesting. He says he will arrest all observed offenders without regard to wealth or prominence or lack of it; that his men will rank lawbreakers out of the fashionable hotels and clubs with as little hesitation as from the cheapest blind tiger in Sonoratown. The man who thinks he has a pull will find himself in the same category with the one who is sure that he has not, and the same treatment will be meted out to both.

Col. Frith has taken a determined stand on this question that affects the life of the whole nation. With the co-operation of the overwhelming majority here who, whatever their personal views, are first of all loyal American citizens, the Federal Prohibition Administrator believes he can make our Los Angeles farewell to the old year as clean and fair and truly joyous as any other celebration held by law-abiding people and can wipe out the offensive and disorderly orgies that too often have marked so-called New Year festivities on former occasions.

No law can be adequately enforced where the people are backward in giving aid and assistance to the men appointed for putting it into effect. A vital part of the campaign to be waged on New Year's Eve against the bootlegging evil will be found in Col. Frith's appeal to the public in general. At least 500 men have been secured for special duty on December 31 in addition to the regular officers of the city and county. But Col. Frith is depending also on the help of the private citizen in reporting to headquarters any observed violation of the prohibition law.

Officers sworn to uphold the law will draw no distinction between the hip flask in ragged pants pockets and the silver cocktail shaker in white-cuffed or diamond-ringed fingers. The same patrol wagon and the same housework await alike the illegal drinker in caught with the goods.

The number of the scofflaws in Los Angeles is petty. The bad odors this small minority can inflict on the good name of our city is unsavory out of all proportion to their numbers. In the past the New Year's celebration here and elsewhere has been in the strongest possible argument for prohibition.

Even the "wets" should see the force of this. Nothing can set the face of the nation more decidedly against any modification of the Volstead Act than such exhibitions of drunkenness and debauchery as the irrepressible minority delights to indulge in as a preparation for another year—presumably—of uselessly wasted life. If there are any in Los Angeles planning to usher in the New Year by flaunting the Eighteenth Amendment and desecrating a beautiful feast Col. Frith at least has given them the notice that to expect. And The Times believes that all good citizens here will see that the roysterers are not disappointed in these expectations. If they wish to open the New Year in a grimy tank the way there will be kept clear for them, millionaires and vagrant alike.

On the other side, nothing would more hearten and inspire Los Angeles as a whole than to be able to show the country a clean slate on this one special night in the year. Nothing would better confirm the friends of organic law to keep the good fight going during the twelve months ahead of us.

**RUBBER ECONOMY URGED**  
Strict economy in the use of tires is suggested to American motorists by Secretary of Commerce Hoover as one of the means of bringing down the extortionate price of rubber imposed upon this country by the East Indian combine, which has obtained the support of the British government in putting a figure of \$1 a pound on the resilient material on which so many of the people of this country are riding.

In calling for public co-operation in his campaign for cheaper rubber Mr. Hoover says that a savings of 25 per cent may be effected "without decreasing the use of our cars a single mile." Of course, he means an average saving, for there are motorists who are very careful of their tires and others who "run on rags" and patch and repair as long as a tire will hold together and give any sort of service.

In his onslaught on the high price of rubber Mr. Hoover is backed by the National Rubber Association and the National Automobile Chamber of Commerce, the representatives of which are expected to encourage garage proprietors, service agents and car owners throughout the country to reduce their consumption of rubber in tires. The Secretary of Commerce, who is showing a keen appreciation of the situation as it affects our consumers and a most laudable zeal in their behalf, says that the rubber combine is taking \$700,000,000 more than a fair price for the rubber supply, or at least that part of it which is purchased by us. He asserts that the increase is purely artificial, due to the legalized restrictions placed on imports by the British government.

Whether or not we shall be able to save one-quarter of this tire expense remains to be seen. There are motorists who are very careless in the use of their tires, as is evidenced by the long black streaks upon the pavement left by erosion in making sudden stops, by throwing on the brakes too quickly, locking the wheels and sliding over the surface. Those prodigal drivers who are continually "burning rubber" at crossings and elsewhere in order to avoid collision might easily apply their brakes a little more gently and thus save the tread of a tire. The trouble arises from the fact that they dash up to the crossing at too high a rate of speed and then, on seeing an obstruction, jam on their brakes. Such driving is not only hard on tires, but it is dangerous. Not only economy but a greater degree of safety could be effected by greater care in this matter.

Another way in which Secretary Hoover

## Our American "Siamese Twins" in Action

(Projected by George Matthew Adams)

hopes to thwart the monopoly is by making it legally possible for American rubber buyers to combine their purchasing through a single agency. Both these plans would result in lowering rubber prices were they to be carried out, and there would seem to be no objection to either of them.

A London newspaper said recently that within four years America will have paid Britain in rubber profits a sum equal to the British debt to us. This statement is strenuously denied by British officials, who say that it is ridiculous to urge that rubber profits swell the British treasury. But the fact remains that British rubber companies have increased their profits by \$250,000,000 during the present year and that America's purchases formed the greater part of the enormous transaction, as stated in authoritative quarters.

The American public would do well to heed the advice of our very efficient Secretary of Commerce and to keep their eyes in every way possible to discourage the combine and bring the crude product down to a reasonable price.

**A SERVANT GIRL BELL**  
Congressman Sol Bloom of New York thought he had launched a wonderful economic scheme when he introduced a bill into the House the other day to remove from immigration restrictions on foreign women who have worked as servants for a year before coming to this country and are willing to work for three years in domestic service after their arrival. This was done with the idea of relieving American housewives who are suffering from the present scarcity of servants.

When he introduced his bill Mr. Bloom explained its object and said that the growing inability to secure servants was steadily driving more and more families out of separate homes. This condition, he said, was a sad one, and it threatened the existence of the sacred American home, the foundation of our institutions, which must perish unless something is speedily done to relieve the situation.

At first blush the idea embodied in the bill seems a good one, but a careful consideration of it removes that impression. For how is Mr. Bloom or a horde of Congressmen or policemen going to keep those foreign girls on the job in the home? It would be contrary to law to bring them here under contract, and it would be decidedly un-American to place them under a peonage system by which they would be compelled to work as servants in this country for three years or three days, even though they agreed to do so. And Mr. Bloom's plan does not complete that sort of servitude.

What might reasonably be expected to happen after these foreign girls had learned American ways and had come to see shop and factory girls "dolled up" in fine dresses and wearing silk hose? How long would they remain in the kitchen, washing dishes, when they knew they could be handling gingham and ribbons in a big department store? How many pots and pans would they scour, how many floors would they sweep and scrub before they would be looking for jobs behind the counter or in the factory—jobs in which they could be viewed in all their glory of pumpkin rouge, lipstick paint and marcelled locks by young men with due appreciation of those aids to feminine charm?

If any of these girls lasted six months on a home kitchen job she might justly be deemed a strange and unusual being. The servitude of a sex that has given the world, and finally to understand its definition of the word "freedom."

Mr. Bloom is to be commended for his gallant efforts in a line that has been sadly neglected by our Congressmen. So far as The Times has noted, he is the only legislator from Washington who has bent himself seriously to the task of solving the servant problem. But it is to be feared that his endeavors, though commendable and even laudable, will not be crowned by success if he sticks to the provisions of his bill. If he really wishes to relieve the hampered housewife and presser who has bent himself home he would better set his legislative brains to work upon a more practical

plan. Perhaps if he were to insert a provision permitting each maid to wear her mistress's gowns and hats, giving her free tickets to the movies three times a week and providing a suitable escort, what he is striving for might be accomplished.

**GREAT GUNS**  
Los Angeles may perhaps sleep better with her big gun under her pillow—what she recently planted in position at the harbor of San Pedro for her defense.

Admitting the value and necessity of high-powered artillery for coast defense, it still stands that the real fortifications of the city are her schools and churches.

Greater are they than the arms and armaments of Europe, for they have been the bulwark of the city since the days of the conquistador. Life created within me an eternal sadness which this reached into an endless fountain of joy. I learned that there is a bliss in being alone where no human voice disturbs, where one feels himself detached from all and everybody, desiring no one and blessing all, able to leave his body unconcerned with all personal satisfactions, quietly hoping to be of real service in the cause of truth, love and freedom, and earnestly praying not to be known nor remembered by anybody.

Souls know one another without speech and without earthly cognizance.

Early knowledge is but a misconception. Who sees my earthly countenance and thinks he sees me is mistaken, for this, earthly instrument will decompose, but I will live on forever—as I lived before my experiences in this body.

I will live on after these five senses are snuffed out and the body is laid to return its elements to Mother Earth.

Grass will grow, flowers will bloom, the sun will shine and the moon will spread romance. Birds will warble, trees will whisper and tones from a flute will echo amidst fragrant breezes in the distance. Children will delight in their imagination, seeing ghosts in rags, and weaving tales of heroism and conquests. Boys and girls will tremble at each other's touch and their feet will be as birds' feet without end and life without cease. All this I will see not with human eye, but with human ear, understand not with human mind, but with a soul that knows all, feels all, loves all and lives all.

Among the cloudlets that play with the moonlight will I weave quiet melodies out of moonbeams and starlight in silent sounds that transcend all speech. Hardly a human ear will ever comprehend those tones, but there will be something that will touch human hearts, stir the strings of the human soul, fill all living with a sweet, still sadness that will bring tears to eyes, laughter to innocent hearts, ardent kisses to burning lips and melodies of romance. Thus shall I be inseparable and blend with the soundless voice of God that calls louder than a thousand trumpets, calling upward, forward, forever, higher, endlessly, through the kingdom of heaven within.

**Collapsible Umbrellas**  
From the patent office records it appears that a large number of inventors have had a hand in the organization and development of the folding umbrella. We find that three or four hundred patents have been granted for various improvements thereon in the United States and foreign countries. The folding idea is partly worked out in a French patent of Gorron of 1829. The earliest United States patent that has come to our attention is that to Richardson, Morris & Pevey, No. 11,441, dated August 21, 1834. (Pittsburgh Chronicle-Telegraph.)

**INCONSISTENT**  
Every time Secretary Kellogg bars entrance into the United States a Communist palmed off in red a number of newspaper editors make a great howl about "liberty" and "freedom." They seem to want everybody admitted without any questions as to his character or record. To be consistent they should welcome into their homes every burglar, house-burner and notorious corrupter of morals that might come along. And the more they welcome them the more would come.—[Pathfinder.]

## THE MIND'S EYE

BY ADRIAN SASHA

Seeking joy and peace in merely outside things, placing my hopes on things and people outside of my own self, I was doomed to disappointment. Well, I learned that "the kingdom of heaven is within." Life created within me an eternal sadness which this reached into an endless fountain of joy. I learned that there is a bliss in being alone where no human voice disturbs, where one feels himself detached from all and everybody, desiring no one and blessing all, able to leave his body unconcerned with all personal satisfactions, quietly hoping to be of real service in the cause of truth, love and freedom, and earnestly praying not to be known nor remembered by anybody.

Souls know one another without speech and without earthly cognizance.

## FRANK A. MUNSEY

BY BAILEY MILLARD

When Frank A. Munsey died there passed from the world of American publishers, in common parlance, Munsey himself. An intimate study of his character, personality and life revealed a strong individuality, always sure of himself, not readily swayed by the opinions of others, and an intense curiosity to know the truth about everything.

Such a study I had a good opportunity of making, for I was in and out of the Munsey shop many times, working as contributor, managing editor and in other capacities. Munsey was tall and slim, with a long face that rarely wore a smile in business hours, a penetrating gray eye that sized things up in short order and could be severe at times in the common acceptance of the term, he had no vices. I never dared to smoke in his presence.

Though singular and eminently characteristic, he had passed through so many stages of progress, and each had left such an impression upon him, that there was likely to flash forth a strange expression of a former period or habit of life that did not fit well into what seemed his settled attitude of a staid and dominant man of business.

For example, while scanning a "layout" for a forthcoming issue of the Munsey and seeming to have in mind only its commercial aspect, he would take up a tender love poem, read it carefully and say, "That's poetry—real poetry," and tell you why, which was essentially business, for he could have done. Or he would point out the good or bad features of a love story and give a pretty fair idea of what love was and what it meant. It seemed odd that a millionaire reputed to be proof against all feminine charms—a man who had been a bachelor all his life—should have such ideas and know so well how to express them. At times he suffered from dyspepsia and so did the whole staff. But he was not habitually capricious and would melt wonderfully on occasion, particularly when talking with Bob Davis or Richard Titherington, his old associates and editors, for whom he had a genuine fondness.

For years the Munsey publications were housed in the Flatiron Building at Fifth Avenue and Broadway. Munsey's magnificent private office was on the eighth floor. He had a sort of throne up in the peak of the flatiron, where he sat with an impressive air of mastery at a richly carved desk. But he often wrote editorial articles for his newspapers at a tall desk on the floor, where he sat with an impressive air of mastery at a richly carved desk. ## STOR BELIEVES DESTINY OF RACE IN MAN'S HANDS

### Culbertson Talks on New Year's Mystery, Certainty and Faith, in Radio Sermon

Even God may not yet know the destiny of the human race, but men may help their Maker to make His glorious future true, are opinions voiced by Dr. H. C. Culbertson, pastor of the Mesa Congregational Church, in his sermon yesterday in the Times broadcasting station. Preaching on "The Mystery, Certainty and Faith," Dr. Culbertson said that the future of the race is in the hands of men.

There are many hands whose rates are higher but few whose service is finer or whose accommodations are better.

## LIBERTY TO BE ASKED IN COURT PLEA

### Reported Scion of Titled English Family Asserts Charge Not Filled

Alfred W. Gries, reported scion of a titled English family, will seek release from the Los Angeles County Jail this morning before United States Judge James on a writ of habeas corpus filed last week by his attorney, John F. Greene.

While he is battling in court to evade, through release, deportation proceedings instituted against him by the Immigration Department, for asserted illegal entry into the United States several years ago at a point on the Canadian border opposite Blaine, Wash., an investigation ordered by Judge James will seek to disclose whether Gries, in an affidavit supporting his freedom plea, committed the charges against him.

One hundred and forty-five men and five women were held yesterday to breath a sigh of relief and thanks when the four Superior Court judges handling criminal

## DOPE SEIZED AND MAN HELD

### Reputed Real Estate Dealer Arrested as Police Say He Tries to Throw Away Cocaine

Trailing to a room in a downtown office building from which, police say, quantities of cocaine have been distributed, Carvel B. Musgrave, 44 years of age, was taken into custody yesterday morning by Police Officers Southard and Halsall of the narcotic squad after he is reported to have resisted arrest and attempted to throw away an ounce of the dope which had been ordered by an addict.

## Road Planners Scan Deed to Griffith Park

### Examination of the deed by which Col. Griffith J. Griffith conveyed Griffith Park to the people of Los Angeles in 1893 is expected to be started by the City Council this week to ascertain if it has the right to extend traffic-bearing streets through any part of the park property.

Councilman Randall, who is urging the extension of Riverside Drive through one side of the park, said yesterday that in his opinion, the Griffith deed does permit streets to be extended through the park. On this point Councilman Randall called attention to that part of the deed which says: "It is understood that the use of the park for railroad or other transportation purposes for carrying inhabitants of said city of Los Angeles into and through the park shall not be considered a violation of any of the conditions upon which this donation and grant are made."

WILL HEAR SLAYER'S PLEA  
Argument will be heard today by Judge Reeve on a motion for a new trial for Harry Alpin, convicted of first-degree murder, for the slaying of Barney Blum on September 2, last. If the motion is denied the defendant will be arraigned for sentence, which would be life imprisonment, as the jury made such a recommendation.

WILL PAVE HARBOR STREET  
The final ordinance for the paving of Anaheim street in the Wilshire district, from the city limits to Pennington avenue, has been ordered by the City Council.

## ANGELENO DIES FROM GUN SHOT

### Duck Hunter Killed by Accidental Discharge of Own Weapon

By a "Times" Staff Correspondent  
VENICE, Dec. 27.—George Riblet, 20 years of age, of 818 Rialto Boulevard, was killed at noon today by a charge of shot from his own gun in a hunting accident, according to a report reaching here. The accident is said to have taken place at Lake Hodges Dam, between Escondido and Del Mar and about thirty miles north of San Diego. The report said Riblet's body is being brought here.

Riblet and two friends, Jack and Arthur Blankenship of Los Angeles, started on a duck hunting trip Christmas Day. The dispatch announcing the accident said Riblet, after the morning's sport, was on a duck boat at a point near the dam and after putting his duffle ashore, drew his shotgun from the boat, mistakingly for a rifle. The weapon was discharged, the full load of chilled shot striking him in the side. He died within five minutes.

Riblet worked for the Madden Construction Company of Venice, which also had word of his death but with no details. He leaves his mother, Mrs. S. Bennett, and two brothers, Weldon Riblet and Lee Riblet of Los Angeles. His stepfather died a month ago.
